

The Custom Covers Coverspan 3m Sales Stall is based on our modular marquee design, using components from a 6 x 6m Coverspan marquee and 3m roof beams.

Key Features
Eye Catching
Cost effective way to provide linked sales stalls
Minimal assembly - small number of additional parts
Compatible with existing Coverspan frames
Good value conversion kit for existing framework users
Compatibility
Uses existing Coverspan frame parts
Can be used with clear or plain PVC
Package Includes
Extruded Aluminium frame
Galvanised steel joints
PVC covers
1.5m weather canopy

The Sales Stall is designed to provide a weatherproof structure optimised for use as a sales counter for outdoor events. The aluminium frame and PVC covers allow quick and easy assembly by two people.

The modular system allows the stall to be extended in 3m increments , giving the ability to establish long runs of similar structures. Internal division is by use of a PVC marquee wall hanging on a curtain rail. This allows rapid re configuration of the internal space.
